ENGINEERING RELEASE LETTER
ATPD 2286
SFAE-CSS-TV-HT
September 15, 2004
DAAE07-00-D-5022
Customer: USAR
Rev No. 2

M915A3 – Truck, Laundry Advanced Systems (LADS), 52,000 LBS GVWR, 6X4 shall be in accordance with ATPD 2286 and applicable ERL revisions, modified as follows:

Paragraph 3.7.11.1 Tires. (Reference ERL Rev 1, dated 08 July 2003)

a. Delete in its entirety paragraph "3.7.11.1 Tires. The vehicle shall be equipped with Michelin XZY-2 11R22.5 Load Range H tires and mounted onto hub-piloted wheels. Valve caps shall be provided and all tires must be equipped with valve extensions and be so mounted as to permanent checking tire pressure and inflation using only on vehicle equipment."

b. Add new paragraph “"3.7.11.1 Tires. The vehicle shall be equipped with "Michelin XZY-3, 11R22.5 tires, Load Range H, Michelin Catalogue Number 80927" mounted onto hub-piloted wheels. Valve caps shall be provided and all tires must be equipped with valve extensions and be so mounted as to permanent checking tire pressure and inflation using only on vehicle equipment."
