Supply Chain Management for RESET of Family of Medium Tactical Vehicles (FMTV) Sources Sought Notice

NOTICE Type:

Sources Sought / Market Research

SYNOPSIS:

This is a SOURCES SOUGHT synopsis to request information for Government planning purposes only. Responses will assist the Government in planning its acquisition strategy for a potential future acquisition. The Government is not committed to issue a solicitation or award a contract as a result of this announcement. Army Contracting Command - Wrn is seeking qualified and capable potential vendors. Since this is a sources-sought synopsis and not a solicitation for receipt of proposals or quotations, the Government does not encourage questions concerning this market research.

The primary NAICS code is to be used for this effort is 561210 Facilities Support Services. The Medium Tactical Vehicles Group, TV PSID is seeking ongoing support of spare/repair parts, major components, and supply chain management services for all variations of the FMTV series 2.5 Ton and 5-Ton trucks at Red River Army Depot (RRAD) in Texarkana, TX. The Contractor can expect to support production up to 100 vehicles per month.

Support includes; (1) Operating and managing the supply chain and inventory of spare/repair parts for the FMTV RESET Program at RRAD; (2) Program management including coordinating parts deliveries to the production line bins and communicating with the Government; (3) The purchase of all spare/repair parts (including parts purchased through the Government Supply System) to support the FMTV RESET program at RRAD.

The Contractors must be knowledgeable in the Government Supply System, including TACOM and Defense Logistics Agency (DLA). They must also be able to perform supply chain management services including: (1) Acquisition; (2) Inventory; (3) Quality control processes; (4) Stocking; (5) Expediting; (6) Storage (7) Record keeping.

Contractor must have a working knowledge of various supply systems/databases to include, but not limited to: DLA and DoD eMall.

If your company would be capable of performing a scope of work of the type summarized above, we encourage you to respond to this announcement with a statement of your qualifications and capability. In order to do so, you need to provide:

-Name and address of the firm

-DUNS number and CAGE Code (valid System for Award Management (SAM) is

MANDATORY)

-Your Firm's Point of Contact (name, phone number, and email address)

-Your company's business size status (small or large) (including Service-Disabled veteran owned, if applicable). If claiming small business status, the information must be verifiable in SAM.

-A summary of your company's expertise in Government Supply Chain Management.

-A summary of your company's experience in providing supply chain management services for tactical wheeled vehicles in a production environment.

-A summary of your company's expertise in program management.

-A summary/description of your approach and capacity to provide staffing for 100% support of the FMTV Supply Chain Management at RRAD no later than 120 calendar days after award (include whether you are capable of providing personnel who either already have or can obtain and maintain SECRET security clearances)

Statements of your firm's expertise should include reference to relevant contracts performed within the past three years (including a description of the scope, number of personnel utilized, contract number, and point of contact with phone number).

Responses to this sources sought are to be done in Microsoft Word and are limited to 15 pages, text in Times New Roman 12pt, and with one inch margins. The Government acknowledges its obligations under 18 U.S.C. 1905 to protect information qualifying as confidential under this statute. Pursuant to this statute, the Government is willing to accept any proprietary (e.g., trade secret) restrictions placed on qualifying data forwarded in response to the survey questions and to protect it from unauthorized disclosure subject to the following:

1. Clearly and conspicuously mark qualifying data with the restrictive legend (all caps) proprietary with any explanatory text, so that the Government is clearly notified of what data needs to be appropriately protected.

2. In marking such data, please take care to mark only those portions of the data or materials that are truly proprietary (over breadth in marking inappropriate data as proprietary may diminish or eliminate the usefulness of your response - see item 6 below). Use circling, underscoring, highlighting or any other appropriate means to indicate those portions of a single page which are to be protected.

3. The Government is not obligated to protect unmarked data. Additionally, marked data that is

already in the public domain or in the possession of the Government or third parties, or is afterward placed into the public domain by the owner or another party through no fault of the Government will not be protected once in the public domain. Data already in the possession of the Government will be protected in accordance with the Government's rights in the data.

4. Proprietary data transmitted electronically, whether by physical media or not, whether by the respondent or by the government, shall contain the proprietary legend, with any explanatory text, on both the cover of the transmittal e-mail and at the beginning of the file itself. Where appropriate for only portions of an electronic file, use the restrictive legends proprietary portion begins: and proprietary portion ends.

Responses should be addressed to Keri Skrobot, at the following address: keri.l.skrobot.civ@mail.mil.

Again, this information is being requested for Government planning purposes only and does not commit the Government to any contractual agreement. This is not a request for proposals. The Government will not award a contract based upon responses to this announcement. The Government shall not reimburse or pay any costs for preparing or submitting information in response to this notice.
