H.26 Services to be Performed

The parties to this contract recognize and agree that the services to be provided hereunder will be provided only in strict accordance with the Scope of Work set forth herein and as further defined in Work Directive signed by the Contracting officer. This is to insure that the policies in Office of Federal Procurement Policy (OFAY) Policy Letter 92-1 and Department of Defense (DOC) Directive 4205.2 are adhered to. Contractors are specifically prohibited from performing inherently Governmental functions. Appropriate Agency control of the work product must be preserved to insure that the Contractor's performance of permissible services does not approach being an inherently Government function because of the manner in which the contract is performed or administered. Additionally, this contract is not to be used under any circumstances specifically to aid in influencing or enacting legislation. The parties agree that the Contractor personnel rendering the services under this contract are not subject either by the contract terms or the manner of its administration, to the supervision and control usually prevailing in relationship between the Government and its employees. The Contractor shall not be reimbursed for any work that is outside the Scope of Work Directive signed by the Contracting Officer.

H.27 (TACOM) SPECIAL BILLING AND PAYING INSTRUCTIONS, BASED ON ACRN
(MAR 2000)

(a) This contract currently is funded (or later will be funded) by two or more separate customers or appropriations, as shown in Section B of the contract by the presence of more than one Accounting Classification Reference Number (ACRN) for the Contract Line Item Numbers (CLINs) in the contract schedule. (ACRNs refer to long-line accounting classifications that are given in full in Section G of the contract.)

(b) In order for disbursements under the contract to be paid appropriately, the following requirements apply to the contractor and the paying office:

(c) The CONTRACTOR: in addition to showing a total amount on each voucher and invoice for payment, the contractor also shall:

(1) specify the CLIN(s) and ACRN(s) against which payment is requested, and also

(2) show a breakdown of the corresponding subtotal amounts that apply to each specified CLIN and ACRN.

In the following illustration, the contractor is invoicing a total of \$300,000, of which \$50,000 applies to performance against CLIN 0001 (ACRN AA), \$135,000 relates to performance against CLIN 0002 (ACRN AB), and \$115,000 relates to performance against CLIN 0004 (which also cites ACRN AA). This invoice would include the following information.

TOTAL INVOICE AMOUNT: \$300,000, of which
\$50,000 applies to CLIN 0001 (ACRN AA)
\$135,000 applies to CLIN 0002 (ACRN AB)
\$115,000 applies to CLIN 0004 (ACRN AA)

(d) The PAYING OFFICE: shall review each invoice or payment voucher received against the contract, and shall make payment against only those ACRN(s) specified on the invoice. If an invoice or voucher received against the contract does not contain the required identification of the CLIN and ACRN against which payment applies, or if the specified sub-totals do not sum to the total amount invoiced, such invoice shall NOT be deemed a proper or complete invoice. Such invoice shall be returned to the contractor for correction and resubmission, with an information copy furnished to the Administrative Contracting Officer (ACO).
