**Name of Offeror or Contractor:**

Your attention is called to the solicitation closing date and time as stated on the cover page of this solicitation, local time for the Army Contracting Command - Warren (DTA), Michigan. In accordance with FAR 15.208(a), offerors are responsible for submitting proposals, and any revisions, and modifications, so as to be received by the Government office designated in the solicitation by the time specified.

It is the offeror's responsibility to assure their proposal is received by the date and time specified on the cover page of this solicitation. In accordance with FAR 15.208, if your proposal was not received at the initial point of entry to the Government infrastructure (in this case, received through ASFI) by the exact date and time specified on the cover page of this solicitation, it will be determined late. Proposal, as the term is used here, means ALL volumes and/or parts of the proposal.

Note: There is no "expected" or "target" length of time for proposal submission; size and content may be factors, therefore offerors are strongly cautioned to submit their proposals allowing adequate time for submission.

Solicitations may remain posted on the AFSA Open Solicitation Web page after the solicitation closes. Even though the system will allow you to submit a proposal after the closing date/time, your proposal will be considered late and may not be considered for award. If you are responding to a Request for Proposal, your offer will not be considered if it is submitted after the closing date and time unless one of the exceptions is met at FAR 15.208(b). If you are responding to a Request for Quotation, your quote may be considered if it is received after the closing date, and it will not unduly delay award.

(f) Any award issued as a result of this solicitation will be distributed electronically. Awards posted on ProcNet represent complete OFFICIAL copies of contract awards and will include the awarded unit price. This is the notice required by Executive Order 12600 (June 23, 1987) of our intention to release unit prices in response to any request under the Freedom of Information Act (FOIA), 5 USC 552. Unit price is defined as the contract price per unit or item purchased as it appears in Section B of the contract and is NOT referring to nor does it include Cost or Pricing data/information. If you object to such release, and you intend to submit an offer, notify the contracting officer in writing prior to the closing date identified in this solicitation and include the rationale for your objection consistent with the provisions of FOIA. A release determination will be made based on rationale given.

(g) If you have questions or need help using ProcNet, call our E-commerce Contracting Help Desk at (586) 282-7059, or send an email to [usarmy.detroit.acc.mbx.wrn-web-page-request@mail.mil](mailto:usarmy.detroit.acc.mbx.wrn-web-page-request@mail.mil). If you have questions about the content of any specific item posted on the ProcNet, please call the contract specialist or point of contact listed for the item. (h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) \_\_\_ Are, \_\_\_ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) \_\_\_ Have, \_\_\_ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) \_\_\_ Have, \_\_\_ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

INSTRUCTION TO OFFERORS--COMMERCIAL ITEMS

JUN/2008

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at FAR 52.212-3(see FAR 52.212-3(1) for those representations and certifications that the offeror shall complete electronically);

**Name of Offeror or Contractor:**

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be

**Name of Offeror or Contractor:**

necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. 2	52.212-2	EVALUATION--COMMERCIAL ITEMS	JAN/1999

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

-1 TECHNICAL CAPABILITY OF THE ITEM OFFERED TO MEET THE GOVERNMENT REQUIREMENT AND THE REQUESTED DELIVERY LEAD TIME.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offers specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Port handling and ocean charges in tariffs on file with the Bureau of Domestic Regulation, Federal Maritime Commission, or other appropriate regulatory authorities as of the date of bid opening (or the closing date specified for receipt of offers) and which will be effective for the date of the expected initial shipment will be used in the evaluation of offers.

(b) F.o.b. origin, transportation under Government bill of lading.

(1) Offers shall be evaluated and awards made on the basis of the lowest laid down cost to the Government at the overseas port of discharge, via methods and ports compatible with required delivery dates and conditions affecting transportation known at the time of evaluation. Included in this evaluation, in addition to the f.o.b. origin price of the item, shall be the inland transportation costs from the point of origin in the United States to the port of loading, port handling charges at the port of loading, and ocean shipping costs from the United States port of loading (see paragraph (d) of this clause) to the overseas port of discharge. The Government may designate the mode of routing of shipment and may load from other than those ports specified for evaluation purposes.

(2) Offers shall be evaluated on the basis of shipment through one of the ports set forth in paragraph (d) of this clause to the overseas port of discharge. Evaluation shall be made on the basis of shipment through the port that will result in the lowest cost to the Government.

(c) F.o.b. port of loading with inspection and acceptance at origin --

(1) Offers shall be evaluated on the basis of the lowest laid down cost to the Government at the overseas port of discharge via methods compatible with required delivery dates and conditions affecting transportation known at the time of evaluation. The ports of loading named in paragraph (d) of this clause are considered by the Government to be appropriate for this solicitation due to their compatibility with methods and facilities required to handle the cargo and types of vessels and to meet the required overseas delivery dates. Notwithstanding the foregoing, offerors may nominate additional ports of loading that the offeror considers to be more favorable to the Government. The Government may disregard such nominated ports if, after considering the quantity and nature of the supplies concerned, the requisite cargo handling capability, the available sailings on U.S.-flag vessels, and other pertinent transportation factors, it determines that use of the nominated ports is not compatible with the required overseas delivery date. United States Great Lakes ports of loading may be considered in the evaluation of offer only for those items scheduled in this provision for delivery during the ice-free or navigable period as proclaimed by the authorities of the St. Lawrence Seaway (normal period is between April 15 and November 30 annually). **EVALUATION OF PROPOSALS****M.1 BASIS OF AWARD**

(a) Selection of Successful Offeror. The Government plans to award a single Firm-Fixed-Price contract for 20 EACH 52 Adult Passenger Bus, 1 EACH 42 Adult Passenger Handicap Bus, Spares for each type of bus, and related services with in-country warranty (if applicable), and data to a responsible and responsive contractor as a result of this solicitation.

(b) Evaluation. Proposals will be evaluated using a Two-phase Evaluation Process. This will be evaluated as a FAR Part 12.6- Streamline Procedures, in which, once the offer is determined to be technically capable that meets requested delivery lead time, the award will be made to the lowest evaluated price. The evaluation of proposals in response to this solicitation is structured in two phases. Phase-I is a determination of the Technical Acceptability of the proposal on an Acceptable/Not Acceptable basis. Any Offeror's proposal assessed as Not Acceptable in Phase-I will not be eligible for award under Phase-II. Offeror's proposals must be rated Acceptable under each and every requirement listed in the TIQ (Attachments 0002 and 0004) in order to be assessed as Technically Acceptable. Offeror's proposals rated Not Acceptable under any individual requirement in the TIQ, regardless of the acceptability of other requirements, will be assessed as Not Acceptable, as a whole, under the Phase-I Technical evaluation. Additionally, the offeror must meet the requested delivery lead time.

(c) Under Phase-II of the evaluation process, proposals will be evaluated under the Price Factor to assess the total evaluated price.

(d) Award will be made to the Offeror (1) with the lowest total evaluated Price under Phase-II, and (2) having an Acceptable Phase-I Technical Factor Proposal that meets the requested delivery lead time. The evaluation of Price will include an assessment of price reasonableness.

**M.1.1 Award Without Discussions**

This RFP includes FAR Provision 52.212-1(g), Instructions to Offerors Commercial Items, which advises Offerors that the Government intends to make award without conducting discussions. An award will be made without discussions and exchanges with Offerors are limited to Clarifications as defined in FAR 52.212-1(g). Therefore, the Offeror's initial proposal should contain the Offeror's best terms from technical system integration meeting the requested delivery lead time and price standpoint.

The Army Contracting Command (ACC)-Warren intends to award a contract to the Offeror that provides the lowest priced offer that satisfies all of the material requirements of the procurement including, without limitation, the technical requirements in the Specifications (Attachments 0001 and 0003) and the Technical Information Questionnaires (TIQ) (Attachments 0002 and 0004) and meets the requested delivery lead time.

**M.2 PHASE-I: TECHNICAL FACTOR**

M.2.1 Phase-I will be an acceptable/not acceptable evaluation of the Technical proposal and determination that the Offeror meets the requested delivery lead time, meeting the purchase description in Attachments 0002 and 0004. The determination of "acceptable" will be based on an evaluation of the technical proposal that meets the requested delivery lead time against the following definitions:

Acceptable: Proposal clearly meets the minimum requirements and meets the requested delivery lead time of the solicitation

Unacceptable: Proposal does not clearly meet the minimum requirements and/or unable to meet the requested delivery lead time of the solicitation.

Technical Evaluation: The Technical Evaluation will comprise an acceptable/not acceptable evaluation to determine whether the supplies offered by the Offeror meet the contract specification (Attachments 0001 and 0003). The determination of acceptable will be based on an

evaluation of the Offeror's technical proposal against the following definition:

M.2.2 An Acceptable technical proposal is a proposal where there is essentially no doubt, based on the Offeror's proposal, that the Offered supplies will meet each of the specification requirements. This assessment will be performed using the information contained in the Technical Information Questionnaire (TIQ)(Attachments 0002 and 0004), as well as other information supplied by the Offeror to support conformance of the supplies to each of the specification requirements (e.g. commercial literature, vendor data, narrative descriptions of conformance to specification requirements, test data, and similar information).

M.2.3 As part of the Technical Factor Evaluation, the U.S. Government will also assess the Offeror's proposal to have a source or sources of service center support in Lebanon to address any warranty repairs that may be required for the vehicles being delivered and service center support to address spare and repair parts support and routine maintenance of the vehicles or end items purchased pursuant to this contract. This assessment will be performed on an acceptable/not acceptable basis and will be based on the information provided by the Offeror. To be acceptable, the Offeror's submitted information must demonstrate the availability of a source or sources of the required service center support in Lebanon. A proposal must be determined to be technically acceptable and meets requested delivery lead time to provide the basis for a contract award.

M.2.4 During the entire term of the contract, the contractor shall maintain an established source or sources of service center support in Lebanon. All Offerors shall identify the name and location, address, phone number, e-mail address, and Point of Contact (POC) for the source or sources that will provide this required support. Contractor must identify which facilities can satisfy basic upkeep, spare and repair parts support, routine maintenance, and other services excluding major repair work. Must also identify which facilities can satisfy the warranty items and repair services support.

Note: POC must be able to communicate in English in the event the U.S. Government elects to contact them to confirm your claim that they will be your source of service center support for this contract.

M.2.5 Offerors will not be awarded extra credit for exceeding the technical requirements outlined in the specification or for shorter delivery lead time. In addition, Technical performance beyond the minimum acceptable, as defined above, will not be carried over into the Phase-II evaluation and given evaluation credit.

M.3 PHASE-II: PRICE FACTOR

M.3.1 The Price Factor evaluation will consider the total evaluated price to the Government. This will include an assessment of price reasonableness.

M.3.2 The Total Evaluated Price will equal:

(1) The total amounts for all CLINs 0001AA - 0005AA as calculated in solicitation.

(2) Transportation costs, as determined by the ACC-Warren Transportation Office, to be added for all basic FOB Origin CLIN's 0001AA - 0005AA.

52 Adult Passenger Buses and 42 Adult Passenger Handicap Bus will be inspected and accepted at FOB Origin.
