(a) The offeror is requested to complete subparagraph (a)(1) of this clause, for each part or component which is packed or packaged separately. If the item shipping costs, based on the actual shipping characteristics, exceed the item shipping costs used for evaluation purposes, the Contractor agrees that the contract price shall be reduced by an amount equal to the difference between the transportation costs actually incurred, and the costs which would have been incurred if the evaluated shipping characteristics had been accurate.

Name of Offeror or Contractor:

amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

6	52.217-4003 (TACOM)	EVALUATION OF INCOMPLETE OPTION PRICING	FEB/1998
---	------------------------	---	----------

(a) Per FAR 17.203(d), offerors may price the option CLIN in this solicitation incrementally, by entering different option unit prices that will apply to different subquantities or quantity ranges (in the event that the Government elects to exercise less than 100% of the option). Notwithstanding this fact, the provision entitled EVALUATION OF OPTIONS (FAR 52.217-5, located elsewhere in this Section M) indicates that the Government's evaluation for contract award will include each offeror's price for 100% of the option quantity.

(b) In light of the above, if an offeror specifies unit prices that apply to one or more option quantity ranges, but does not specify a unit price for 100% of the option, we will evaluate that offer for award as follows. The option price for such offer shall be deemed to be the higher of (i) the unit price that applies to the basic (non-option) quantity, or (ii) the highest unit price that is identified against any range or subquantity of the option CLIN.

SECTION-M EVALUATION:

M.1 BASIS Of AWARD: The Government plans to award a single Firm-Fixed-Price contract for Midsize Sport Utility Vehicles (SUV) and 14-Passenger Van to a responsible offeror that is assessed as Acceptable in the Technical Capability Factor with the lowest total evaluated price.

M.1.2 Evaluation: The evaluation will be conducted in accordance with FAR 12.6 (Streamlined Procedures for Evaluation and Solicitation for Commercial Items). There are two factors: (1) Technical Capability and (2) Price.

M.1.3 Technical Capability Factor: The Technical Capability Factor will be conducted on an Acceptable/Unacceptable basis. In order for an offeror to be eligible for award, it must be assessed as Acceptable under the Technical Capability Factor. In order to be rated Acceptable under the Technical Capability Factor, offerors must be assessed as Acceptable under each section of the TIQs (Attachments 0003 and 0004). Offerors found to be Unacceptable under any section of TIQ will not be considered for award. The information submitted by an offeror in response to Sections L.2 and L.2.1 will be evaluated to assess whether its proposal is acceptable under each section of the TIQ. An Acceptable proposal is one which clearly meets the minimum requirements of the solicitation. An Unacceptable proposal is one which does not clearly meet the minimum requirements of the solicitation. If the product is determined to meet the Specifications (Attachments 0001 and 0002), award will be made based on the lowest Total Evaluated Price.

M.1.4 Price Factor: The information submitted in response to Section L.3 will be evaluated to assess the reasonableness of the offerors total evaluated price. A price is considered reasonable if it does not exceed what would be incurred by a prudent person in the conduct of competitive business. The total evaluated price will consist of the total sum of all CLIN numbers 0001AA - 0002AA (base) and the transportation costs as determined by the ACC-Warren Transportation Office for all FOB origin CLINs (base only).

M.1.5 Discussions: In accordance with FAR clause 52.212-1(g), the Government intends to evaluate offers and award a contract without

discussions with offerors. Therefore, the offerors initial offer should contain the offerors best terms from a price and technical capability standpoint. However, the Government reserves the right to conduct discussions if it is later determined by the Contracting Officer to be necessary. In addition, the Government reserves the right, without entering discussions, to request additional information necessary to support the offerors price in order to determine price reasonableness.
