\*\*\* End of Narrative A0000 \*\*\*

1. This Modification BB to Delivery Order 0266 under Requirements Contract W56HZV-07-D-M112 is a supplemental agreement.
2. The purpose of this modification is to authorize conditional acceptance of 4 NBCRVs.
3. Conditional Acceptance. The conditional acceptance terms and conditions specified in Modifications 17, 26, 46, 48, 56, 60, 66, 75, 83, 91 and 93 are hereby augmented. Except as stated below, all other terms and conditions of Modifications 17, 26, 46, 48, 56, 60, 66, 75, 83, 91 and 93 remain in effect.
4. Conditional Acceptance Agreement.
  - a. The conditional acceptance of NBCRV vehicles is contingent upon full compliance with the terms and conditions of this modification. Failure to meet any requirement contained herein, or failure to comply with any milestone identified in this modification, any retrofit or corrective action requirements or any other condition of the modification, may upon PCO review be grounds for revoking this modification and may end the conditional acceptance agreement.
  - b. Furthermore, the Contracting Officer may suspend this vehicle conditional acceptance agreement based on the Contractor's failure to comply with other Stryker Program contractual agreements.
5. Vehicles may be conditionally accepted under the following conditions:
  - a. NBCRV vehicles may be conditionally accepted with FY14 (version 2.4) software and PPI-2 that causes the Exhaust Brake Actuator to turn on momentarily at power up as documented in VIPER report 23481.
  - b. In the event any defects or failures are present on Exhaust Brake Actuator/Solenoid, part number 10666111-001, prior to the correction of the above stated issue in VIPER report 23481 and application to the vehicles identified above and future vehicles, and the Government determines the defect or failure is not due to other reasonable causes (ex: non-software related, corrosion, IEDs, accidents, etc.) then the contractor shall replace the Exhaust Brake Actuator/Solenoid inclusive of labor and material to complete the replacement task, at no additional cost to the Government.
  - c. The Government agrees to release GDLS of the responsibility to replace the Exhaust Brake Actuator/Solenoid after 30 Sep 2016 in the event the Fiscal Year 16 software drop is delayed beyond 30 Sep 2016 or the Fiscal Year 2016 software drop does not address the VIPER report 23481 issue at hand. The Government Network Integration Team and GDLS software representatives will meet within 60 days to prioritize VIPER issues for inclusion in the FY16 software release (reference Contract W56HZV-13-D-0008, Delivery Order 0022). The Government will inform GDLS within 60 days if VIPER issue #23481 shall be included in the FY16 software release.
  - d. The Contractor shall complete the above Exhaust Brake Actuator/Solenoid replacement at no additional cost to the Government. The Contractor shall charge any associated costs related to these efforts to the applicable Stryker Program firm-fixed price production Delivery Order (0036, 0046, 0256 or 0266) under Contract W56HZV-07-D-M112.
6. As a result of this Modification BB, the total price of Delivery Order 0266 is neither increased nor decreased. Except as specifically stated above, all other terms and conditions of Delivery Order 0266 remain unchanged and in full force and effect.
