SECTION C - DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

Program Manager for Light Armored Vehicles (LAV)
Support for LAV-A2 Program

C.1 Contract Scope: The purpose of this statement of work is to acquire 16,000 man-hours of contract support service, described below, for the USMC LAV-A2 program for one year. This Task Order also includes one option year for 16,000 man-hours. The break out of these 16,000 man-hours is: 8,000 for Integrated Logistics Support, 4,000 for Mechanical Engineering, 2,000 for Quality Assurance, and 2,000 for Production Planning and Analysis. All positions are projected to require 30% to 50% travel for this Task Order. All positions require a SECRET clearance.

C.2 Background: PM-LAV manages over 700 LAVs of various configurations. The LAVs were first purchased in the early 1980s and have been in the USMC system since. A Service Life Extension Program (SLEP) was started in March 2000 to apply over 25 upgrades to the entire fleet that began in 2003 and was largely completed by early 2007. However, since that last SLEP, the USMC discovered a need to apply survivability upgrades to its fleet of 700+ LAVs and purchase another 120 new LAVs. The upgrades for the LAV-A2 include: Automated Fire Suppression System (AFSS), Ballistic Protection Up-Armor Package (BPUP), Gen 2 suspension, radiators, 280 amp alternators, among others).

C.3 Tasks: The contractor shall perform the following tasks:

C.3.1 INTEGRATED LOGISTIC SUPPORT (ILS): 8,000 man-hours are designated for the contractor to provide Integrated Logistics Support. All positions are located within PM-LAV. The contractor shall perform the following ILS tasks:

C.3.1.1 Participate in development of technical manuals (TMs), participate in TM validation/verification efforts and review engineering drawings, operations and maintenance publications, training materials, and specifications. The contractor shall be able to draft and complete technical manuals and I-types as required

C.3.1.2 Develop and publish USMC Modification Instructions, Technical Instructions, Supply Instructions, Engineering Change Proposals (ECPs), and Integrated Logistics Support Impact Statements. All documentation shall be delivered in accordance with CDRL A001.

C.3.1.3 Conduct cataloging and provisioning in accordance with DOD supply system requirements.

C.3.1.4 Participate in the trial installation of prototype items on LAVs by correcting any instructions, drawings, pubs or specifications provided with the prototype while installation is being conducted by the USMC. The contractor must be able to read and interpret engineering drawings, maintenance publications, and specifications to support prototype installations.

C.3.2 MECHANICAL ENGINEERING SUPPORT: 4,000 man-hours are designated for the contractor to provide Mechanical Engineering Support. All positions are located within PM-LAV. The positions require expertise in CAD and experience with new production support. The contractor shall perform the following tasks:

C.3.2.1 Assist in program development, testing, and production efforts by ensuring requirements are valid. The engineer shall complete various technical projects that range from research and development through fielding and identifying field fixes.

C.3.2.2 Review and evaluate program plans/schedules and designs for technical soundness; provide related recommendations and advice to PM-LAV on a weekly basis.

C.3.2.3. Develop test plans when necessary and evaluate test plans for technical soundness. Ensure all critical aspects are tested in a timely and cost-effective manner.

C.3.2.4 Attend Government and contractor development and production agency design reviews and technical meetings as a functional expert to represent PM-LAV's interests and provide appropriate guidance in technical areas. Monitor and coordinate engineering support from various vendors and government test facilities. Weekly participation in team meetings shall be required at a minimum.

C.3.2.5 Develop Engineering Change Proposals (ECPs) to remedy problems and deficiencies identified in fielded LAVs. The contractor shall submit ECPs shall be delivered via MEARS, reference CDRL A002.

C.3.2.6 Update Technical Data Packages (TDP) based upon changes in the LAV configuration; review correct and/or create technical drawings as required. Knowledge of and experience with CAD programs (AutoCAD 9/10) is required. The contractor shall submit TDP updates shall be delivered via ECPs in MEARS, reference CDRL A002.

C.3.3.0 QUALITY ASSURANCE SUPPORT: 2,000 man-hours are designated for the contractor to provide Quality Assurance Support. This position is located within PM-LAV. The contractor shall perform the following tasks:

C.3.3.1 Process Product Deficiency Quality Reports (PDQRs) via the DoD Product/Data Reporting & Evaluation Program System (PDREPS).

C.3.3.2 In-plant surveillance to include surveillance of testing, parts status, scheduling and delivery.

C.3.4.0 PRODUCTION PLANNING AND ANALYSIS: 2,000 man-hours are designated for the contractor to provide Program Planning and Analysis. This position is located within PM-LAV. The contractor shall perform the following tasks:

C.3.4.1 Prepare, manage, and update schedules for all LAV-A2 projects. The contractor shall gather data from PM representatives and contractors and synthesize this data into MS Project or Primavera schedules. The contractor shall continually maintain and update schedules, monitor and analyze progress against the baseline or planned schedule, and provide periodic status updates to PM-LAV personnel. The contractor shall also monitor and analyze overall program schedules, identifying interfaces and potential conflicts of schedules between various projects.

C.3.4.2 Serve as the point of contact for all issues/queries relating to LAV-A2 schedules for installation of upgrades and fielding and make presentations and/or briefings with regard to such issues.

C.3.4.3 Provide monthly LAV-A2 production status reports identifying any outstanding issues and potential scheduling/fielding problems in accordance with CDRL A003.

C.3.4.4 In support of program reviews and milestones, the contractor shall develop, manage, analyze, and review program planning documents and program status reports for LAVA2 projects. The contractor shall continually maintain and update program planning documentation and provide program status inputs. Status inputs shall be reflected in the program schedule, plans, briefs, and periodic program reports.

C.4 Monthly Contractors Progress, Status, Management and Contracts Funds Status Report. The Contractor personnel shall electronically submit monthly status reports to the COR in Contractor format in accordance with CDRL A004. The report will be a synopsis of contractor personnel activity for the previous month. The Contractor personnel shall deliver the monthly status report at the end of each month. These reports shall include maximum number of funds and hours expended; funds and hours remaining; detailed description of any travel or ODC charges during the reporting period (including amount expended for travel and amount remaining for travel); detailed description of the discrete individual task order status, action items and responsible parties, outstanding issues or problems, and work effort completed to date to include all required deliverables requested in the PWS.

C.5 Place of Performance: The contractor support personnel shall be physically located onsite (TACOM) in the Warren, Michigan. Facilities and equipment will be made available by the Contracting Officers Representative, PM-LAV, U.S. Army Tank-automotive and Armaments Command in Warren, Michigan in order to successfully complete a task. To perform the tasks specified, the Government will provide the use of Government-furnished facilities or equipment (workstation/desk, computer, printer, software, local area network connection, telephone (desktop), data facsimile, office supplies, reproduction services). The Contractor shall ensure that any and all uses of such Government facilities and equipment are directly related to the discrete tasks in the order and are dedicated to Government use only. The contractor shall ensure that employees strictly adhere to the TACOM policy standards for the use of Government Automated Information Systems (AIS) [10 Jun 2003] and to the Information Systems Security policy [27 Feb 1998]. The contractor shall confirm condition of all equipment and return same at the end of the effort.

C.6 Travel: Contractor personnel may be required to travel in order to perform this task order. The Government COR must authorize all travel in advance. Authorized travel shall be payable as a direct cost and vouchers for reimbursement of travel must be included with the monthly invoice and approved by the COR prior to payment. There will be no reimbursement for local travel in and around contractors place of performance at TACOM (within 50 mile radius). The contractor shall provide a written certification, prior to travel, that sufficient funds are available on the travel CDRL to complete the travel. Air travel will be accomplished on regularly scheduled commercial flights in the most economical manner consistent with the successful accomplishment of the mission. Reimbursement for the cost of lodging and incidental expenses will be considered to be reasonable and allowable to the extent that costs submitted for reimbursement do not exceed the rates and amounts allowed by the Joint Travel Regulation as applies to civilian employees of the United States Government. A trip report (including dates, time and location of travel, a summary of the activities and an action item list) is required, reference CDRL A005.

C.7 Security: All Contractor personnel must maintain a favorable background investigation before accessing the TACOM databases and Local Area Network in accordance with Army Regulation AR 25-2 and AR 380-67. All information or data developed under this contract belongs to and is the property of the U.S. Government and shall be marked and handled as For Official Use Only (FOUO). The Contractor shall not release any information or data to third parties without the express written approval of the Procuring Contracting Officer. Only U.S. Citizens are authorized to work on this contract. Non-Use and Non-Disclosure Agreements are required of all contractor personnel performing under this Task Order (TO). The Contractor shall have access to Government data for the accomplishment of work under this agreement. Contractors shall conform to all security requirements as specified in each TO and as detailed in the TO DD Form 254 (if required). A separate DD 254 is required for all TOs involving access to classified information. Internet site <http://www.classmgmt.com/> contains a complete booklet with instructions on how to prepare and submit a DD Form 254. Prior to starting work on the contract, DISCO must determine the eligibility of Contractor personnel and grant them access to the highest level of classified information covered by the contract (security clearance). Contact your Facility Security Officer (FSO) or the G2, TACOM LCMC for assistance in initiating action to receive a security clearance. For assistance with the DD254, contact, G2, TACOM LCMC at 4-6262.

C.8 Contracting Officers Representative (COR): The COR is an individual designated in accordance with DFARS 201.602-2 and is authorized

in writing by the contracting officer to perform specific technical functions. The contracting officer has designated Linda Passeri (586/282-9405); linda.k.passeri.civ@mail.mil as the contracting officers representative (COR) for this task order. The Contractor will receive a copy of the written designation after task order award that will specify the extent of the CORs authority to act on behalf of the contracting officer. The COR is not authorized to make any commitments or changes that will affect price, quantity, delivery or any other term or condition of this task order. The COR is authorized to appoint Functional Technical Representatives under this task order. The contractor will receive a copy of the written FTR designation after COR appointment has been made.

C.9 Organizational Conflict of Interest Statement: As a condition of award of this task order, the contractors eligibility for future prime contract awards or subcontract awards may be restricted regarding any current or future PM-LAV systems acquisitions. The contractor agrees, as specified in clause H.2 of the base Omnibus III contract and FAR Subpart 9.5, to outline the actions to be taken by the contractor during the performance of the task to avoid and mitigate any conflict of interest. The Contractor agrees, for specific vehicle and systems listed herein, that the Government or an authorized representative may, up to three years after acceptance of all programmatic documentation to be delivered under this task order, restrict the Contractors future participation in any resulting PM-LAV system acquisition action(s). If the Contractor demonstrates to the Contracting Officer that there may be a possible conflict of interest arising out of an existing contract, the Contracting Officer shall take the necessary action to delete that requirement from this task order.

C.10 Contractor Manpower Reporting (CMR): The Office of the Assistant Secretary of the Army (Manpower & Reserve Affairs) operates and maintains a secure Army data collection site where the contractor will report ALL contractor manpower (including subcontractor manpower) required for performance of this contract. The contractor is required to completely fill in all the information in the format using the following web address: <https://cmra.army.mil/>. The required information includes the following:

- (1) Contracting Office, Contracting Officer, Contracting Officer's Technical Representative;
- (2) Contract number, including task and delivery order number;
- (3) Beginning and ending dates covered by reporting period;
- (4) Contractor name, address, phone number, e-mail address, identity of contractor employee entering data;
- (5) Estimated direct labor hours (including sub-contractors);
- (6) Estimated direct labor dollars paid this reporting period (including sub-contractors);
- (7) Total payments (including sub-contractors);
- (8) Predominant Federal Service Code (FSC) reflecting services provided by contractor (and separate predominant FSC for each sub-contractor if different);
- (9) Estimated data collection cost;
- (10) Organizational title associated with the Unit Identification Code (UIC) for the Army Requiring Activity (the Army Requiring Activity is responsible for providing the contractor with its UIC for the purposes of reporting this information);
- (11) Locations where contractor and sub-contractors perform the work (specified by zip code in the United States and nearest city, country, when in an overseas location, using standardized nomenclature provided on website);
- (12) Presence of deployment or contingency contract language; and
- (13) Number of contractor and sub-contractor employees deployed in theater this reporting period (by country).

As part of its submission, the contractor will also provide the estimated total cost (if any) incurred to comply with this reporting requirement. Reporting period will be the period of performance not to exceed 12 months ending September 30 of each government fiscal year and must be reported by 31 October of each calendar year.
