1. The purpose of this Amendment 0003 to Solicitation SPRDL1-12-R-0253 is to incorporate the following:
  - a. The Army Single Face to Industry (ASFI) system, including the Bid Response System (BRS) for submission and receipt of proposals, is currently not in operation. Therefore, offerors are instructed to temporarily submit proposals for Solicitation SPRDL1-12-R-0253 by email to the following mailbox - usarmy.detroit.acc.mbx.wrn-fpr@mail.mil. Include the Solicitation Number in the Subject line.
  - b. The following two Reverse Auction provisions are hereby incorporated into the Solicitation:
 

Notice of Reverse Auction, 52.215-9023 (DLAD)

Reverse Auction, 52.215-9023 (DLAD)
2. As a result of this Amendment 0003, the date and time for receipt of offers is not extended, and remains at November 14, 2012 at 1:00 pm EST.
3. All other terms, conditions, and specifications remain unchanged and in full force and effect.
4. To be considered for this procurement, offerors must acknowledge receipt of this Amendment 0003 with its proposal submission. Offerors who do not acknowledge this Amendment 0003 will not be considered for award.

A-1 ADDED	52.215-9023 (DLAD)	NOTICE OF REVERSE AUCTION PROVISION	OCT/2012
		NOTICE OF REVERSE AUCTION PROVISION	

This solicitation contains standard DLAD provision 52.215-9023, Reverse Auction. After receipt of proposals, the contracting officer will determine if a reverse auction will be conducted. However, the use of a reverse auction does not preclude additional methods of price and/or cost analysis.

If a reverse auction is held, Contractors must be registered in the reverse auction system in order to participate in the auction. Additionally, the Contractor representative participating in the auction must have taken the on-line reverse auction training prior to the reverse auction. Registration, on-line training, and other information regarding the reverse auction can be found at <https://dla.procurexinc.com>. If a reverse auction is held and a Contractor that provided a proposal to the solicitation does not participate in the auction, the initially proposed price(s) will be considered and evaluated. In the event of two or more equally priced proposals, precedence will be given to the proposal that has the earliest date and time of receipt by the Government.

Questions related to the reverse auction system or process can be directed to [dla.detroit.tacom.mbx.land-wrn-reverse-auction@mail.mil](mailto:dla.detroit.tacom.mbx.land-wrn-reverse-auction@mail.mil). Any other questions can be directed to the contract specialist listed in this solicitation.

SECTION L - INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

<u>Status</u>	<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
---------------	------------------------	--------------	-------------

L-1 ADDED	52.215-9023 (DLAD)	REVERSE AUCTION	JUL/2012
-----------	-----------------------	-----------------	----------

As prescribed in 15.408-90(c)(1), use the following provision.

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify offerors of this decision and the following provisions will apply.

- (a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.
- (b) Following the decision to conduct discussions using on-line reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide offerors determined to be in the competitive range with information concerning the on-line auction process. The Government intends to use a commercial web-based product to conduct the reverse auction.
- (c) Prior to or simultaneously with conducting the on-line reverse auction, the Contracting Officer may hold discussions with the offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.
- (d) The lowest offerors price(s) for each round of the reverse auction will be disclosed to other offerors and anyone else having authorized access to the on-line auction. This disclosure is anonymous, meaning that each offerors identity will be concealed from other offerors (although it will be known to the Government; only a generic identifier will be used for each offerors proposed pricing, such as Offeror A or lowest-priced offeror). By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.
- (e) An offerors final auction price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307.
- (f) The following information is provided regarding the procedures to be followed if a reverse auction is conducted.
  - (1) Each offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agencys commercial reverse auction service provider to advise the offeror of the event and to provide an explanation of the process.
  - (2) In order for an Offeror to participate in the reverse auction, such offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service providers terms and conditions for using its service. Information concerning the reverse auction process and the commercial service providers terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.
  - (3) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other offerors pricing in confidence until after contract award.
  - (4) Any offeror unable to enter pricing through the commercial reverse auction service providers system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offerors inability to enter pricing is determined to be without fault on the part of the offeror and outside the offerors control.
  - (5) The reverse auction will be conducted using the commercial reverse auction service providers website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.
  - (6) Training:
    - (i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to offerors employees; this training may be provided through written material, the commercial reverse auction service providers website, and/or other means.
    - (ii) An employee of an offeror who successfully completes the training shall be designated as a 'trained offeror.' Only trained offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that offerors provide an alternate offeror employee to become a 'trained offeror.' The Contracting Officer also reserves the right to take away the 'trained offeror' designation from any trained offeror who fails to abide by the solicitations or commercial reverse auction service providers terms and conditions.
