(e) Note to offerors:

Your attention is called to the solicitation closing date and time as stated on the cover page of this solicitation, local time for the Army Contracting Command - Warren (DTA), Michigan. In accordance with FAR 15.208(a), offerors are responsible for submitting proposals, and any revisions, and modifications, so as to be received by the Government office designated in the solicitation by the time specified.

It is the offeror's responsibility to assure their proposal is received by the date and time specified on the cover page of this solicitation. In accordance with FAR 15.208, if your proposal was not received at the initial point of entry to the Government infrastructure (in this case, received through ASFI) by the exact date and time specified on the cover page of this solicitation, it will be determined late. Proposal, as the term is used here, means ALL volumes and/or parts of the proposal.

Note: There is no "expected" or "target" length of time for proposal submission; size and content may be factors, therefore offerors are strongly cautioned to submit their proposals allowing adequate time for submission.

Solicitations may remain posted on the AFSI Open Solicitation Web page after the solicitation closes. Even though the system will allow you to submit a proposal after the closing date/time, your proposal will be considered late and may not be considered for award. If you are responding to a Request for Proposal, your offer will not be considered if it is submitted after the closing date and time unless one of the exceptions is met at FAR 15.208(b). If you are responding to a Request for Quotation, your quote may be considered if it is received after the closing date, and it will not unduly delay award.

(f) Any award issued as a result of this solicitation will be distributed electronically. Awards and modifications posted on ProcNet represent complete OFFICIAL copies of contract awards and will include the awarded unit price. This is the notice required by Executive Order 12600 (June 23, 1987) of our intention to release unit prices in response to any request under the Freedom of Information Act (FOIA), 5 USC 552. Unit price is defined as the contract price per unit or item purchased as it appears in Section B of the contract and is NOT referring to nor does it include Cost or Pricing data/information. If you object to such release in the base contract or contract modifications, and you intend to submit an offer, notify the contracting officer in writing prior to the closing date identified in this solicitation and include the rationale for your objection consistent with the provisions of FOIA. A release determination will be made based on rationale given.

POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION

JUL/2013

(a) Definitions. As used in this clause--

"Long-term contract" means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

"Small business concern" means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/content/table-small-business-size-standards>

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

**Name of Offeror or Contractor:**

The Contractor represents that it [ ] is, [ ] is not a small business concern under NAICS Code \_\_\_\_\_ assigned to contract number \_\_\_\_\_. [Contractor to sign and date and insert authorized signer's name and title].

HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA

JAN/1997

(a) Hazardous material, as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Material Safety Data Sheet submitted under this contract.

Material	Identification No.
(If none, insert None)	

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to --

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(1) \_\_\_ Are, \_\_\_ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) \_\_\_ Have, \_\_\_ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

**Name of Offeror or Contractor:**

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) Listed End Product

(2) Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

[ ] (i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

[ ] (ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(j) Place of manufacture. (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly

(1) [ ] In the United States (Check this box if the total anticipated price of offered end products manufactured outside the United States); or

(2) [ ] Outside the United States.

(k) Certificates regarding exemptions from the application of the Service Contract Act. (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

L.2.3.1 Offerors are cautioned that a proposal is not considered received until the final submission via ASFI BRS and a time stamped bid summary is generated. NOTE: These actions are not instantaneous. Offerors should begin the file upload well in advance of the solicitation closing date and time to ensure that the entire proposal is received in time to be considered for award. If the ASFI BRS confirmation time stamp is not prior to the solicitation closing date indicated in the RFP, pursuant to FAR 52.215-1(c)(3(ii)(A), the proposal may be rejected as late IAW M.2.

L.2.3.2 Given the volume of data and information to be submitted by Offerors in response to this solicitation, and the inherent limitations of server bandwidth, Offerors may be required to submit proposals in multiple uploads. Due to the expedited evaluation schedule, it is critical that all Offerors carefully and completely identify the parts and attachments of the proposal so that the Government may quickly and easily distribute the proposal volumes. It is important to note that up to five files can be uploaded at one time. The combined size of the five files cannot exceed 10Mb. Offerors should break attachments into smaller files or use the upload utility multiple times if files exceed the 10Mb size limit. Filenames must not contain special characters. In the ASFI Frequently Asked Questions section, there are Vendor User Guides that provide detailed information.

L.2.3.3 Offerors are requested, to the maximum extent possible, not to provide attachments from multiple volumes within each upload. Each upload should include attachments from only one volume.

L.2.3.4 Once the Offeror submits its proposal via ASFI BRS, a bid summary will be generated listing all of the uploaded files as

attachments. Offerors shall name all files to indicate the volume and part number (i.e. Volume II - Technical - Part 1 of 4). Contractor format is acceptable.

L.2.4 Lateness: The lateness rules for submitted proposals are outlined in FAR 52.215-1, "Instructions to Offerors-Competitive Acquisition," as incorporated into this RFP.

L.2.5 Electronic Copies: Offerors must submit electronic copies and any supplemental information (such as spreadsheets, backup data, and technical information) using the following:

(i) Files in either Microsoft Office 2000, 2007 or Office XP: Word, Excel, or PowerPoint. Spreadsheets must be sent in a file format that includes all formulae, macro and format information. Print image is not acceptable.

(ii) Files in Adobe PDF (Portable Document Format). See the Vendor User Guides in the ASFI Frequently Asked Questions section for detailed information.

(iii) Files in HTML (Hypertext Markup Language): HTML documents must not contain active links to live Internet sites or pages. All linked information must be contained within the electronic proposal and be accessible offline.

L.2.6 Reference FAR 15.207(c) for a description of the steps the Government will take with regard to unreadable proposals:

(a) If any portion of a proposal received by the Contracting Officer is unreadable, the Contracting Officer will immediately notify the Offeror and permit the Offeror to resubmit the unreadable portion of the proposal. The method and time for resubmission shall be prescribed by the Contracting Officer after consultation with the Offeror, and documented in the file. The resubmission shall be considered as if it were received at the date and time of the original unreadable submission for the purpose of determining timeliness under FAR 15.208(a), provided the Offeror complies with the time and format requirements for resubmission prescribed by the Contracting Officer.

(b) Offerors shall make every effort to ensure that the proposal is virus-free. Proposals (or portions thereof) submitted which reflect the presence of a virus, or which are otherwise rendered unreadable by damage in electronic transit, shall be treated as "unreadable" as described above.

L.2.7 Paper Copies: Paper copies of proposals will not be accepted.

L.2.8 All or None: Offers in response to this RFP must be submitted for all the requirements identified in the solicitation. Offers submitted for less than all the requirements called for by this RFP may be rejected IAW M.2.

**L.3 PROPOSAL CONTENT**

L.3.1 Proposal shall be submitted in three separate volumes as set forth below. All proposals shall be in English (American Standard) and shall be in US dollars. Unless otherwise specified, it is recommended that the proposal be submitted on 8.5" x 11" paper with a minimum font size of 10 pt. and a minimum of 0.5" margins. Schedules, drawings and other documents more appropriate to larger size shall be submitted in no larger than 11" x 17" dimensions. A Proposal Executive Summary is optional. It will neither be considered as part of the volumes required below nor will it be evaluated. If a Proposal Executive Summary is submitted, it must be submitted as a separate volume from the three volumes set forth below and it is recommended to be no more than five pages. Proposal shall consist of the following volumes:

- a. Volume I: Contract
- b. Volume II: Technical
- c. Volume III: Price

In this Volume, Offerors shall provide the following:

L.3.2.1 A scanned image of the SF 33 cover page signed by a person authorized to sign proposals on behalf of the Offeror. Blocks 12, 13, 15A, 15B, 16, 17, and 18 of the SF 33 must be filled in by Offeror.

L.3.2.2 One copy of this solicitation (Sections A-K) with all clause and other fill-ins completed, including Representations and Certifications in Section K. System for Award Management (SAM) certifications need not be separately submitted; however, all Offerors must be successfully registered and valid in SAM prior to award.

L.3.2.3 An affirmative statement that the Offeror proposes to meet all the requirements of Attachment 0001.

L.3.2.4 A statement of agreement to all the terms, conditions and provisions of this solicitation.

L.3.2.5 Organizational Conflict of Interest

L.3.2.5.1 Offerors shall provide an affirmative statement that the Offeror does not have an Organizational Conflict of Interest as it applies to this solicitation.

L.3.2.5.2 The provisions of FAR 9.5, Organizational and Consultant Conflicts of Interest (OCI), apply to any award made under this solicitation. Potential Offerors shall review their current and planned participation in any other Government contracts, subcontracts, consulting, or teaming arrangements where they may be in a position of actual or perceived bias or unfair competitive advantage.

L.3.2.7.3 Offerors shall disclose any potential OCI situations to the Contracting Officer as soon as identified including prior to proposal submission. The disclosure shall include the facts and an analysis of the actual or perceived conflict and recommend an approach(es) to neutralize or mitigate the potential conflict. The preferred approach to potential conflicts is to negate or obviate the conflict. Mitigation is considered only if it is not practical to negate or obviate the conflict. The Contracting Officer will promptly respond to resolve any potential conflicts.

L.4 VOLUME II: TECHNICAL FACTOR

L.4.1 Offeror must submit supporting documentation that clearly establishes conformance for all specifications outlined in the Technical Matrix (Attachment 0002). Offeror shall provide information (as identified in the Technical Matrix) that substantiates compliance with each Technical Matrix item. Unsubstantiated claims will make the offerors proposal ineligible for award. Supporting documentation shall be clearly labeled with the specification number to which it applies.

L.4.1.1 Available technical documentation, to include items such as commercial literature, specification sheets, engineering data or analysis, certifications and test data shall be provided to support a conclusion that the technical proposal is compliant with each specification requirement identified in the Technical Matrix. Supportive documentation shall be clear and concise, in sufficient detail to establish compliance with the technical specification.

L.5 VOLUME III: PRICE FACTOR

L.5.1 The offeror shall provide prices for each of the CLINs as set forth in Section B. All prices shall be in U.S. Dollars.

L.5.2 The offeror shall enter firm fixed unit prices for each Ordering Period and Quantity Range on the applicable Price Evaluation Sheet. All unit prices proposed shall be binding. Transportation costs must be incorporated into the proposed unit prices and are not a separately evaluated price related factor. (See Attachment 0003 Price Evaluation Sheet).

L.5.3 The offeror shall submit any data used as the basis for establishing the proposed prices (i.e. other than cost or pricing data including invoices of commercial sales).

L 5.4 The Government reserves the right to request additional information necessary to make a determination of price reasonableness.

## EVALUATION FACTORS FOR AWARD

## SECTION M EVALUATION FACTORS FOR AWARD

## BASIS FOR CONTRACT AWARD:

M.1.1 Government intends to award one contract for the Ethernet Switches as a result of this solicitation. Selection of the successful Offeror shall be made following an assessment of each proposal against the requirements described herein and the criteria set forth below. Contract award will be made using a Lowest Price Technically Acceptable (LPTA) source selection process IAW FAR 15.101-2 which states, "award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for non-cost factors."

M.1.2 Award without Discussions: In accordance with FAR 52.215-1(f)(4), the Government intends to evaluate proposals and award a contract without discussions with Offerors (this excludes clarifications as described in FAR 15.306(a)). Therefore, the Offeror's initial proposal should contain the Offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If conducted, discussions on pricing or other non-technical issues do not obligate the Government to discuss technical issues, nor do discussions on technical issues obligate the Government to discuss pricing or other non-technical issues. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

## M.2 REJECTION OF OFFERS

M.2.1 Offerors must carefully read, understand, and provide all the information requested in Section L. If there are parts of Section L that the Offeror does not understand, the Offeror shall request clarification from the Contracting Officer prior to proposal submission. In accordance with FAR 52.215-1, contained in this RFP, the Government may reject any or all proposals if such action is in the Government's interest. Examples include, but are not limited to, the following:

- a. Merely offers to perform work according to the solicitation terms or fails to present more than a statement indicating its capability to comply with the solicitation terms and does not provide support and elaboration as specified in Section L of this solicitation; or
- b. Offers a product or services that do not meet all stated material requirements of the RFP; or
- c. Proposes exceptions to the attachments, exhibits, enclosures, or other RFP terms and conditions; or
- d. Fails to meaningfully respond to the proposal preparation instructions specified in Section L of this RFP; or
- e. Is unaffordable or unreasonable; or
- f. Makes any exception to the performance specifications identified in the Technical Matrix or Attachment 0001 (Performance Specification).

## M.3. EVALUATION PROCESS

## M.3.1 Source Selection Authority (SSA)

The SSA is the official designated to direct the source selection process and select the Offeror for contract award.

## M.3.2 Source Selection Evaluation Board (SSEB)

A SSEB has been established by the Government to evaluate proposals in response to this solicitation. The SSEB is comprised of technically qualified individuals who have been selected to conduct this evaluation IAW the Evaluation Criteria for this solicitation. Careful, full and impartial consideration will be given to the evaluation of all proposals received pursuant to this solicitation.

## M.3.3 Responsibility

M.3.3.1. Determination of Responsibility and Eligibility for Award: Per FAR 9.103, a contract will be placed only with Offerors that the Contracting Officer determines to be responsible; that is, those who can satisfactorily perform the necessary tasks and deliver the required items on time. Prospective Offerors, in order to qualify as sources for this acquisition, must be able to demonstrate that they meet the standards of responsibility set forth in FAR 9.104. In addition, the Government may assess the Offeror's financial ability to meet the RFP requirements. The Government reserves the right to conduct a Pre-Award Survey on any or all Offerors (or its Significant Subcontractors) to aid the Contracting Officer in the evaluation of each Offeror's proposal and ensure that a selected Offeror is responsible. No award can be made to an Offeror who has been determined to be not responsible by the Contracting Officer. To ensure that

b. For CLINs with range pricing, the Government will calculate a weighted average unit price for each CLIN by multiplying the unit prices proposed for each quantity range by the below weighting percentages. The total evaluated price of each such CLIN will be based on multiplying the weighted average unit price by the estimated CLIN quantities specified in Section B of this solicitation.

Item: Commercial-Off-the-Shelf Ethernet Switches

	Yrs. 1 & 2		Yr. 3

From 500 to 999	15%		45%
From 1000+	5%		5%
Total 100%		Total 100%	

Offerors should note that the pricing of all offers will be carefully reviewed to detect offers that are unbalanced from range to range (i.e. one or more ranges have pricing that is significantly over or understated as indicated by the application of cost or price analysis techniques). Unbalanced offers may be determined unacceptable. See FAR 15.404-1(g) for more information on unbalanced offers.

[End of Clause]

2 52.209-4011 CONTRACTOR RESPONSIBILITY AND ELIGIBILITY FOR AWARD JAN/2001  
(TACOM)

(a) We'll award a contract to the offeror that:

- (1) submits the lowest evaluated offer if award is based on price only, or the offer that provides the best value to the Government if factors in addition to price are identified elsewhere in this solicitation, and
- (2) submits a bid or proposal that meets all the material requirements of this solicitation, and
- (3) meets all the responsibility criteria at FAR 9.104.

(b) To make sure that you meet the responsibility criteria at FAR 9.104 we may:

- (1) arrange a visit to your plant and perform a preaward survey;
- (2) ask you to provide financial, technical, production, or managerial background information.

(c) If you don't provide us with the data we ask for within 7 days from the date you receive our request, or if you refuse to have us visit your facility, we may determine you nonresponsible.

(d) If we visit your facility, please make sure that you have current certified financial statements and other data relevant to your bid or proposal available for our team to review.

[End of Provision]

3 52.216-4006 METHOD OF PRICE EVALUATION NOV/2007  
(TACOM)

(a) The unit price for each year will be multiplied by the estimated annual requirement for the corresponding year, and the results for each year added together to produce the evaluated price for the total maximum quantity. Based on this method of evaluation, award will be made to the responsible offeror whose offer represents the lowest evaluated price, or, if applicable, represents the Best Value to the Government as outlined elsewhere in this solicitation.

(b) If this solicitation contains quantities to be shipped FOB Origin, transportation cost will be evaluated as specified in the EVALUATION OF TRANSPORTATION COSTS provision elsewhere in this Section, and award will be made to the responsible offeror whose offer
