SECTION A - SUPPLEMENTAL INFORMATION

Buyer Name: RYAN RIDDERIKHOFF  
Buyer Office Symbol/Telephone Number: CCTA-ADS-C/(586)282-7479  
Type of Contract: Firm Fixed Price  
Kind of Contract: Supply Contracts and Priced Orders  
Weapon System: XM23 Mortar Ballistic Computer

\*\*\* End of Narrative A0000 \*\*\*

The purpose of amendment 0005 to solicitation W56HZV14R0174 is the following:

1. Add the following question and answer between a contractor and the Government.

Question: The Government is allowing the use of any type 24041C molding material, and included references to testing that are not identifiable. We need further clarification for the DS2 and E3 testing as noted. We do not see these requirements in the TDP nor in the specifications MIL-M-24041 or ASTM D2000. We will need full definitions of this requirement as well as the applicable specifications defining them.

Answer: Electromagnetic Environmental Effects (E3) are listed in Note 11. If you are introducing new materials, such as the 24041C, you need to prove the cable meets the shield attenuation level of min 90dB mean over the range of 20 MHz to 8 GHz and minimum of 55 dB mean over the range of 8GHz to 18 GHz, standard deviation of 3 dB. If the contractor decides to use the materials listed on the drawing, they do not need to demonstrate that they meet the shield attenuation levels.

Information regarding DS2 can be found at the website below. If 24041C is chosen, the contractor must prove it can withstand exposure to DS2.

2. The closing date is extended to 23May2014.
3. All other terms and conditions of this solicitation remain unchanged and in full force and effect.
