The following Questions were received from Industry regarding this Solicitation W56HZV-14-T-0130:

1. QUESTION: On the subject solicitation, the requirement shows 177pcs with 50% Option buy. In para. A.2.4, it shows delivery is 177pcs "per month" starting 360 days after award + FAT. Since it says 177 pcs per month, does that mean additional orders would follow this award?

ANSWER: No, this Solicitation is NOT for a Long Term Contract. There is one 50% option which MAY or MAY NOT be exercised (see clause 89 of the Solicitation). The 177 items per month term merely states the rate at which we desire deliveries to be made. In this case there would be one shipment of 177 items 360 days after award. As stated, you may deliver earlier at no additional expense to the Government.

2. QUESTION

a. Drawing 5-19-10925, Power Cable states "See Parts List PL5-19-10925". This parts list does not appear to be part of the technical data package provided. Are you able to provide us a copy of this?

b. We are missing the parts list to these drawings 5-19-10872 and 5-19-10925.

c. In reference to the subject solicitation there are two drawings missing from the technical data package. We will need these drawings in order to bid on this requirement.

The missing drawings are as follows:

PL5-19-10872

PL5-19-10925

ANSWER: Engineering responds: drawings 5-19-10872 and 5-19-10925 are both reference drawings and are not required as part of the procurement for the remote control starter assembly, 5-4-9885-1, therefore, their parts lists are not provided as part of the TDPL.
